“STEP UP FOR EUROPE”

IES DIEGO DE PRAVES (SPAIN)

In a time marked by uncertainty and upheaval, Europe stands at a crossroads. Challenges like economic downturns, refugee crises, and the rise of populism threaten the very fabric of our continent. But amidst these trials, there lies an opportunity for young citizens to rise, to lead, and to shape the destiny of Europe. This educational and impactful project is meant to foster a deep understanding and appreciation of the European Union among young Europeans. Students will explore what it means to be European and act as informed, engaged citizens.

OBJECTIVES

1. Deepen students' knowledge about the cultures, traditions, and values of different countries.
2. Develop critical and creative thinking skills through research and analysis of cultural issues.
3. Improve digital competencies by using modern technologies within the project framework.
4. Strengthen intercultural communication skills through international collaboration.
